WORK EXPERIENCE

Frontend Engineer | Paradigma Digital - MasOrange Nov 2023 - Present

- Leading Next.js e-commerce monorepo powering 9 brands: MasMóvil, Yoigo, Lebara, Llamaya, Jazztel, Guuk, R Cable, Telecable and Orange TV.
- Integrating AI agents and LLM-based skills (multiple models) into frontend workflows, improving automation and personalisation.
- Built shared Storybook component library ensuring consistent UI across all storefronts.
- Stack: Next.js, TypeScript, Redux, React Query, Jest, Storybook, Jenkins, Google Cloud.

Frontend Developer | Capgemini - AXA Seguros Apr 2023 - Nov 2023

- Delivered features for AXA insurance products across class-based and hooks-based React codebases.
- Stack: React, TypeScript, Redux, Jest, AWS, Jenkins.

Software Developer | DatioBD - BBVA Apr 2022 - Apr 2023

- Built frontend modules for a big data analytics platform and BBVA financial apps using React and Angular.
- Stack: React, Angular, Redux, TypeScript, Jest, AWS.

Frontend Developer | Accenture - Endesa Jan 2021 - Apr 2022

- Customer-facing apps for Endesa serving millions of users. Migrated Angular class components to React hooks.
- Stack: Angular, React, TypeScript.

Telecommunications Technician | Telecomunicaciones de Levante / Vida Informatica Jul 2015 - Mar 2021

- Installation and maintenance of ADSL, fibre optic and CISCO infrastructure for residential and enterprise clients.
